No worries. I'll get my comments on there and pass it to you then. I will only be in today and tomorrow – also Thursday is a holiday.

Pam,

Today is crazy. I have 8-hour refresher training now, then a call with the GAO for CSO, wastewater training, followed up with data varication for the GAO. I am not going to get to it until Thursday.

Sorry for the venting.

Steve Maslowski

Thanks, Sushila.

Steve, if you have time, maybe we can talk today and go over this draft with Sushila's comments so we can send comments back to Brad. I have time in the afternoon.

Subject: RE: CRW Draft Consent Decree Modification SN's comments

I don't know if you all will have time to add your comments to mine in advance of our call Tuesday 11/16/21, but I made comments where relevant in response to Brad's and identified them by date and with my initials.

My suggestion is that the last person to add their comments to this draft send the document out by the end of the day Friday 11/12/21 or Monday 11/15/21.

I completely understand if my suggestion does not seem feasible, but at least the EPA case team members will have my responses to the comments in advance of our call next week.

I hope this makes sense. Thanks, Sushila

Subject: CRW Draft Consent Decree Modification

Privileged & Confidential Common Interest Material
Attorney-Client Communication / Litigation Work Product

Team,

Please see the attached draft consent decree modification. Devon had previously updated it and I added on. You will see several comment bubbles throughout. Some date back to the previous version, although most require your present review. Highlighted in yellow are comments to CRW. Highlighted in green are comments directly to the team. We will scrub any of the comments to the team before circulating to CRW.

This team is scheduled to have a call on 11/16 to go through the document, if you submit written comments in advance, please send 1 consolidated version from DEP, and 1 consolidated version from EPA. We can go comment by comment on 11/16, however, any comments we can resolve in writing in advance will facilitate our goal to get the document to CRW on 11/19, in advance of Thanksgiving week.

Ex. 5 Deliberative Process (DP)

If you have questions before next Tuesday please let me know.

Thanks,
Brad
